

About Our Company

SRA has established a unique reputation in the solid surface materials industry. Mr. Rohit Agrawal and Sunil Sharma founded SRA Furnisher Solution Pvt.Ltd Trading Company with the vision to facilitate ethical, easy and efficient trading of Acrylic Solid Surface within the Indian market. SRA Furnisher Solution started as a retail venture in the year 2013 in Noida, Delhi NCR. It has grown rapidly since then and has become synonymous for high quality solid surface solutions which is widely used in multiple applications in various residential and commercial projects. We have a fully equipped factory capable of manufacturing large scale commercial projects, as well as the intricate projects requiring a high level of attention to detail.

We Are Provide Complete Interior Solutions

Our professional and experienced design team, using latest technologies, will help you customize the furniture to the very last detail. With only 25% of your involvement, just sit back and relax as your work gets done - from concept to finished product. SRA specialize in residential and commercial design, fabrication and installation of solid surface products. We employ a long-standing and talented team of professionals dedicated to providing quality service to our customers. We are committed to not only the best quality fabrication, but also delivering new designs and applications.
